

## HOW TO PREPARE GOODS FOR SHIPPING BY CARRIER

When sending goods to us, please pack and secure them thoroughly so that no damage occurs in transit.

### MAIN PACKING RULES OF THE CARRIER PPL

---

- Use **quality packaging materials** only.
- Protect surfaces and sensitive parts of the product.
- **Separate and interleave** individual products.
- Secure the goods against shifting and movement.
- Create **crumple zones** on all sides.
- Fill the box completely with cushioning material.
- The whole parcel must be **firm and compact**.
- Mark the parcel with handling symbols where needed.

**INSUFFICIENT PACKAGING IS THE MOST COMMON CAUSE OF DAMAGE IN TRANSIT.**
